PROFESSIONAL SUMMARY

Software Engineer with hands-on experience in building scalable enterprise applications and delivering high-quality software solutions throughout the development lifecycle. Experienced in designing robust backend services, developing secure APIs, optimizing system performance, and implementing scalable business solutions. Contributed to healthcare and analytics platforms by developing production-ready features, improving application efficiency, and supporting data-driven decision-making. Strong foundation in software engineering principles, problem-solving, and Agile development, with a commitment to building reliable, maintainable, and impactful software.

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript (ES6+), SQL
- **Frontend:** React.js, HTML5, CSS3, Bootstrap, Responsive UI Development, REST API Integration
- **Backend:** Node.js, Express.js, NestJS, REST API Development, JWT Authentication, Role-Based Access Control (RBAC), Zod Validation
- **AI & GenAI:** LangChain, Retrieval-Augmented Generation (RAG), Ollama (Phi-3), Prompt Engineering, Embeddings, Vector Search, Semantic Search, AI Chatbots
- **Databases:** PostgreSQL, MySQL, MongoDB, Prisma ORM, ChromaDB
- **Cloud & Analytics:** AWS (EC2, S3, IAM, VPC), AWS QuickSight, Cube.js
- **Architecture & Development:** MVC, Nx Monorepo, Microservices, SDLC, Agile, API Design, Database Optimization
- **Developer Tools:** Git, GitHub, VS Code, Postman, Jira, Google Analytics

EXPERIENCE

Tejoma Technologies Private Limited Aug. 2026 – Present
Software Engineer (Full Stack Developer) Hitech City, Hyderabad

* **Tejoma Company Website**
* Developed a full-stack company website showcasing Tejoma's services and business offerings through a responsive, user-friendly interface.
* **Tech Stack:** React.js, JavaScript, Node.js, Express.js, REST APIs, PostgreSQL, HTML5, CSS3
* Built responsive frontend pages using reusable React.js components and developed backend functionality using Node.js and Express.js.
* Integrated REST APIs with frontend components and implemented application workflows, data handling, and error handling.
* Performed debugging, testing, and code optimization to improve application reliability and maintainability.

Qtrams IT Solutions Pvt. Ltd. Jul. 2025 – Jul. 2026
Software Engineer (Full Stack Developer) Hitech City, Hyderabad

* **MIYO Health Platform**
* Contributed to a cloud-based healthcare platform for appointment scheduling, treatment management, documentation, and analytics.

* **Tech Stack:** Nx Monorepo, React.js, Refine, NestJS, PostgreSQL, Cube.js, AWS QuickSight
* Developed and optimized **10+ REST APIs**, improving API performance by **25%**.
* Built CRUD modules, optimized database queries, and integrated backend APIs with React.js and Refine.
* Developed analytics dashboards and supported data migration, testing, debugging, and Agile delivery.

Infoz IT Solutions (A Unit of Kapil Knowledge Hub Pvt. Ltd.) Apr. 2025 – Jun. 2025
Full Stack Python Intern Secunderabad

* **Tech Stack:** Python, Django, MySQL, HTML, CSS, JavaScript, Bootstrap
* Developed **3+ full-stack web applications** with responsive interfaces and database integration.
* Built **10+ RESTful APIs** for authentication, CRUD operations, and business logic using Django REST Framework.
* Optimized MySQL queries, improving API response time by **20–25%**.
* Implemented authentication, validation, debugging, and testing while collaborating through Git/GitHub in an Agile environment.

PROJECTS

AI-Enhanced Project Management & Collaboration Platform

* **Tech Stack:** React.js, Node.js, Express.js, MongoDB, MySQL, LangChain, Ollama (Phi-3), ChromaDB, JWT
* Developed a full-stack project management platform supporting task management, sprint planning, and team collaboration.
* Built **15+ RESTful APIs** using Node.js and Express.js, improving API performance by **25%**.
* Integrated MongoDB and MySQL for efficient data storage and implemented **JWT-based authentication** with RBAC.
* Developed a **RAG-based AI assistant** using LangChain, Ollama (Phi-3), and ChromaDB for semantic document search and intelligent project insights.
* Optimized frontend performance using reusable React.js components and collaborated in an Agile environment using Git/GitHub.

AI-Powered Attendance Management & Analytics System

* **Tech Stack:** React.js, Node.js, Express.js, PostgreSQL, MySQL, LangChain, Ollama (Phi-3), ChromaDB, JWT
* Developed a full-stack attendance management system supporting attendance tracking, leave management, and analytics dashboards.
* Built **12+ RESTful APIs** using Express.js with **JWT authentication** and Role-Based Access Control (RBAC).
* Designed and optimized PostgreSQL and MySQL databases, reducing report generation time by **30%**.
* Developed a **RAG-based AI chatbot** using LangChain, Ollama (Phi-3), and ChromaDB for attendance policy queries and analytical insights.
* Implemented embeddings, vector search, and centralized validation with structured error handling to improve application reliability.

EDUCATION

Aurora PG College Jul. 2022 – Nov. 2024
Master of Computer Applications (MCA) Nampally, Hyderabad

* **CGPA:** 7.26/10
